WHO WE ARE

About Leqi Globes

Yuyao Leqi Stationery Co., Ltd is a specialized manufacturer of desktop globes. Our factory is located in Yuyao, Ningbo, and is focused exclusively on the design and production of desktop globes from 10.6 cm to 32 cm. We operate on a dedicated OEM / ODM model: every globe we produce is built to our customers' specifications, from cartography and labeling to packaging and branding.

Our range covers educational, decorative, illuminated, and full-spec localized globes, plus AI voice-interactive, 3D relief, executive trading, music-box, and planet-themed stationery models. We supply OEM/ODM programs to buyers and brands across North America, South America, Europe, Africa, the Middle East, and Russia, including fully localized Russian- and Arabic-language globe programs.

Focused Manufacturing

Desktop globes are our core business, not a sideline. Dedicated production lines for spheres, printing, assembly, and packaging.

100% OEM / ODM

Your map language, colors, base materials, retail packaging, and logo — built to your specification, ready for your market.

Full-Size Desktop Range

Every standard desktop size from 10.6 cm study models up to 32 cm statement pieces, in educational, decorative, and illuminated series.

Export Proven

Established shipments to markets across five continents, with localized labeling and retail-ready packaging.
